

# Identifying Replacement Buckets for your Hideaway Bin

To identify the correct replacement buckets and liner holders for your Hideaway Bin, you will need to locate the serial sticker on your bin. Open the bin unit fully and remove the buckets. The serial sticker will be on the back or side of the collar (the part that supports the buckets).

This sticker will allow you to identify the Model Number and the Manufacturing date of your bin unit.

Use the table below to find the correct bucket and liner holder for your bin.

Model Number      Manufacturing Date

Replacement parts can be purchased from the websites below:

**New Zealand:**
